## STAGE PLAY

### SYNOPSIS

"She Thinks She's Cute" Stage Play is a story of raw emotions, assumptions and jealousy. This captivating and thought-provoking stage play written and directed by Denise Williams explores the issue of why some women judge other women by outside appearances. This play follows the life of a group of women, some of whom are all struggling with insecurities and self-doubt. They are constantly comparing themselves to other women and putting them down. This ultimately leads to a lot of drama and conflict within their lives. She Thinks She's Cute ultimately shows that when women support and lift each other up, they are much stronger and happier. It encourages us to be kind to others, unselfish and reminds us not to judge others.
